Hi Karen,

I just got this , and have sent it to my boss. If he is OK with it, I am in, but will need to talk to all of you in some detail before we go. Thank you so much for the invitation.

Hi Mary Ann

(b) (5) (DP)

. There is a field visit Aug 20-22, meeting following field work on the 23rd which my staff Sarah Fowler will attend. So, first, if this piques your interest, are you available then? Second, I will pay the travel.

If, so far, you are interested and available, here are a few details.

Climax is a moly mine at the headwaters of the Arkansas, Blue, and Eagle Rivers at about 11-12,000 feet.

Please let me know if you are interested and available to help us out.

Thanks for considering our request.
